DIRECTORS' REPORT.

SAN FRANCISCO, CAL., January 19, 1888.

To the Members of the Underwriters' Fire Patrol of San Francisco:

GENTLEMEN: The Board of Directors take pleasure in handing to you herewith the Thirteenth Annual Report of the operations of this Corporation.

As remarked in last year's report, the year 1887 has also been one of considerable activity for the Patrol. Fires have been numerous and the losses somewhat severe. However, the Fire Patrol has succeeded in doing efficient work and in accomplishing no small amount of salvage. In fact, under the efficient guidance and painstaking activity of Captain Russell White, the Fire Patrol has been enabled to make a handsome record; all of which should be, and doubtless is, most satisfactory to the contributors to this enterprise. We remark with satisfaction, that the apparatus, horses and other property belonging to this corporation are all in excellent order, as heretofore, ordinary wear and tear excepted.

Since our last annual meeting, the headquarters of the Patrol, known as Station No. 1, has been changed from the southwest corner of Stevenson and Ecker Streets (where the Patrol has been domiciled during the past twelve years) to Nos. 106 and 108 north side of Jessie Street, between Second and New Montgomery Streets, where the Patrol now has elegant and commodious accommodations in the new two-story, metal-roofed, brick building recently erected, purposely for the Fire Patrol, by the trustees of the estate of William Sharon. The Directors are pleased to refer to Station No. 1 as being, without exception, the most complete and suitably arranged Fire Patrol building in the United States. This remark is made without any attempt at boasting whatever. It has been so acknowledged by all persons who have visited the building. Station No. 2 has also been removed from the north side of Grove Street, between Larkin and Polk Streets, to the northeast corner of Eddy and Polk Streets; the present location being more eligible than the former one. This enables the Fire Patrol to perform its duties in the section of the city allotted to Station No. 2 in a much more satisfactory manner. This change was alluded to in the last annual report. We are pleased to state that we have been enabled to pay for the steam salvage pump, also additional rubber covers (more than enough to make good those which were destroyed by fire during the year 1886), also the additional expense incurred by reason of the removals of Stations Nos. 1 and 2, without resorting to the levying of a special assessment, as was at one time believed would be necessary, and which was really provided for by the necessary authorization of this body.*

*See the Financial Exhibit of the Treasurer for items of interest in reference hereto.

As now arranged in every particular, the UNDERWRITERS' FIRE PATROL OF SAN FRANCISCO is in prime order to perform efficient service in every department of its work, and we are pleased to state that the members of the Patrol force are ever on the *qui vive*, and seem to be anxious to make the best possible record in every instance. In short, they perform their duties earnestly.

The Directors take great pleasure in remarking the continuance of good will and co-operation between the San Francisco Fire Department and the Underwriters' Fire Patrol of San Francisco. This remark has been made during so many years, in the Directors' report, that it really goes without saying it. The same remark is also made with equal propriety as touching the Fire Alarm and Police Telegraph, Police Department, Fire Marshal, Telephone Companies, Board of Fire Commissioners and many others who seem to be interested in the success of the Fire Patrol. The Directors likewise desire to express thanks kindly and extend the sincerest congratulations to our old time friend, Chief Engineer David Scannell, Esq., also to all of his Assistants and subordinates in the Fire Department. Extending thanks likewise to Superintendent John Curran, Esq., and his Assistants of the Fire Alarm and Police Telegraph; also to Charles Towe, Esq., the efficient Fire Marshal, and to Chief of Police Crowley and to the several officers and members of the Police Department, whose kindness and assistance have been noticed by the Fire Patrol many times in the past.

All of which is very respectfully submitted.

REPORT OF CAPTAIN WHITE.

HEADQUARTERS UNDERWRITERS' FIRE PATROL,
SAN FRANCISCO, January 19, 1888.

To the President and Board of Directors of the Underwriters' Fire Patrol:

GENTLEMEN: In presenting this, my Thirteenth Annual Report of services rendered, etc., only a word or two is required to explain its general character; indeed the work which has been performed explains and (as far as needed) vindicates itself. The details given herein have been derived from the most authentic sources, and the utmost care has been exercised in order that this information may be relied upon as accurate. I am pleased to report that we have not suffered the loss of any covers during the past year, and that no accident has taken place causing permanent or very serious injury to any member of the Patrol force.

During the past year there have been some important changes in the re-locating of both Patrol houses, and now the service can be accomplished much more rapidly and satisfactorily than ever before. Station No. 1 is now located at Nos. 106 and 108 north side of Jessie Street, having a new building, with all the modern improvements, and second to no other in the United States. The location and arrangement of the entire premises warrants some good results in the future. Station No. 2, now located on the northeast corner of Eddy and Polk Streets, is eligibly situated, and also warrants a good future record. In fact, as the two stations are now situated and equipped, the Patrol is in trim to perform its service in any part of the city, and it is hoped and believed to the satisfaction of all concerned.

It is my pleasure to state that the members of the Patrol force cannot now be excelled. There have been only four changes during the past year, and these resignations were caused by the parties engaging in other business.

The horses, wagons, covers and all of the apparatus have been carefully inspected and cared for from time to time, and at present are in fine condition and always ready to answer alarms.

The Patrol has responded to a larger number of alarms than during last year; but we are pleased to state that no fires of great magnitude have occurred, and that the aggregate losses are somewhat less than during the year 1886.

My sincere thanks are due to the President, Chas. A. Laton, Esq., and to the Board of Directors for their valuable services, thus enabling me to meet all of the various and important demands of this enterprise.

I desire to acknowledge the invaluable services rendered by David Scannell, Esq., Chief of the Fire Department, for which I am sincerely thankful; also the Board of Engineers and every member of the Fire Department of

San Francisco; also officers and members of police force; likewise John Curran, Esq., Superintendent of the Fire Alarm and Police Telegraph, and all those persons under his charge who have so kindly assisted us on numerous occasions when needed, they will please accept my hearty thanks; also to Fire Marshal Charles Towe, Esq., for valuable services, thanks; and may like good feeling always exist between all of the above parties and the Underwriters Fire Patrol, thus contributing, in no small degree, to successful work by the Patrol force.

In conclusion, I desire to express my individual thanks to the officers and members of the Patrol force for the manner in which they have performed their duty, always ready and never flinching when the call comes.

Very respectfully submitted,

RUSSELL WHITE,
Captain Fire Patrol.
